## Food Safety Course

ServSafe stands as a food and beverage safety training and certification initiative overseen by the U.S. National Restaurant Association. The main objective of the ServSafe Manager Certification revolves around confirming that an on-site manager possesses the requisite expertise to safeguard the general public against instances of food-borne illnesses at any stage spanning from the initial food delivery to the final service to patrons.

The ServSafe Manager Training encompasses comprehensive insights into food codes, food safety, hygiene practices, cleaning protocols, and sanitation standards. Most states require the continuous presence of a Food Safety Protection Manager to oversee operations.

## Pricing

ELM Client pricing is \$100 (\$169 including optional study material) per person for the management exam.

Non-ELM Client pricing is \$150 (\$209 including optional study material) per person for the management exam.
